Report on “Artofloristica” (Skill enhancement /Certificate course programme)

The Department of Botany organized a skill enhancement programme titled “Artofloristica” for the time period of 12 days. The event was inaugurated on 21/08/25 at 12.00 p.m by the Principal Praveena Vijayan, who appreciated the initiative of the department in fostering creativity and skill development among students. After the inaugural session, the Botany Laboratory was arranged as an exhibition space where a variety of artistic craft works were displayed.

The programme showcased a wide range of creative works including landscape model representing the Pillar Hills of Kodaikanal, bonsai, kokedamas, floral arrangements, flower bouquets, pista shell crafts, palm leaf crafts, terrariums, bottle art, and botanical illustration using pen and acrylics. Each item was systematically arranged and accompanied by descriptive write-ups, enabling visitors to understand the technique and concept behind the displays.

The exhibits were open for viewing by faculty and students from other departments until 3.00 p.m. The programme successfully combined elements of science, art, and innovation, providing a platform for students to express their talents while enhancing their practical and aesthetic skills.
