	11.30am-1pm	Cultural fest		

Report on Association day and Merit day

The Department of Botany, in association with the IQAC organized the Association Day and Merit Day Programme on 3rd February 2026 at 10:30 AM in the College Auditorium. The theme of the programme, "*Mushroom Cultivation: A Promising Entrepreneurship,*" highlighted the importance of applied botanical knowledge in sustainable livelihood generation.

The technical session was led by Akshaya S, Mushroom farmer and Likesh G, Beat Forest Officer, Kerala Forest & Wildlife Department. Akshaya S provided a detailed overview of mushroom cultivation practices, including substrate preparation, spawning, cultivation methods, harvesting, and marketing opportunities, emphasizing mushroom farming as a low-investment and eco-friendly entrepreneurial venture. Likesh G elaborated on the nutritional significance of mushroom in our diet. The session was interactive, enabling participants to clarify doubts and gain practical insights.

As part of the Merit Day celebrations, awards were presented to the three year toppers of the Department of Botany in recognition of their outstanding academic performance. The award distribution served as a source of motivation for students to strive for academic excellence and research orientation. This was followed by a cultural fest, in which students actively participated by showcasing their artistic talents through various cultural performances, adding vibrancy and enthusiasm to the programme. The programme witnessed enthusiastic participation from students and faculty members and effectively combined academic recognition with entrepreneurship awareness. The event concluded with a vote of thanks, acknowledging the efforts of the organizing committee and the valuable contributions of the resource persons.
