Venue: Botany Laboratory, Sree Narayana College, Alathur

REPORT ON BRIDGE COURSE FOR B.Sc. BOTANY HONOURS

FIRST-YEAR STUDENTS

The Department of Botany, Sree Narayana College, Alathur, in association with the Internal Quality Assurance Cell (IQAC), organised a Bridge Course for first-year B.Sc. Botany Honours students on 5 October 2026 at 1:30 PM in the Botany Laboratory. The programme was organised as an initiative to help newly admitted students develop a strong foundation in Botany and facilitate a smooth transition from higher secondary education to undergraduate studies. The course aimed to familiarise students with the basic concepts of plant science, introduce them to the scope and importance of Botany, and encourage their interest in botanical studies through laboratory-based learning and practical exposure. The programme was conducted under the guidance of Dr. R. Bindu, Head of the Department of Botany. The initiative was organised under the leadership of Dr. Praveena Vijayan, Principal of the college. The organising committee comprised Lt. Dr. Shereena J, Prof. (Dr.) Binumol M, Dr. Hansiya V.S., and Dr. Soumya M. The Bridge Course served as an important academic initiative to support first-year students, strengthen their subject knowledge, and prepare them for the learning requirements of the B.Sc. Botany Honours programme.
